## **“TIRES DESIGNED FOR CHAMPIONS”<sup>®</sup>**

Last year, there were more SCCA Solo and SCCA Club Racing National Champions on Hoosier tires than all other tire brands combined. A pretty strong statement to make. The opportunity to make that statement comes from Hoosier's reigning commitment to the development of tires that best suit the needs of competitors in these areas of the vast world of motorsports.

For four years in a row, Hoosier Racing Tire continues to support grassroots racing by offering contingency payouts to Hoosier shod drivers at the Solo Nationals which include four free tires for the class champion, two free tires for the second place driver and one free tire for the third place driver. Be sure to sign up on Hoosier Tire's website and run for free tires. Hoosier believes in rewarding performance, commitment and determination to win.
